By default, Cross DJ will send a reminder email or reminder txt message with map coordinates (if their internet connection is strong enough) to notify you when the event is coming up. Note: Map coordinates are approximate and will vary based on your internet connection, exactly where you are in the world, and the strength of the GPS on your phone. Please see the "INFO" section of the settings for more info. Also, you can now set any event time by entering a custom time.
