KEYMACRO is the leading DTP (desktop publishing) solution for Microsoft Windows. Its goal is to meet the demands of a highly complex workflow and help to reduce the human error rate in project management. If you are using Microsoft Word, Excel, PowerPoint and other MS Office products, you are using a product with which you are already familiar. KEYMACRO performs on a high-speed and scalable virtual desktop infrastructure (VDI), providing the full DTP functionality. Working directly on the computer with the Microsoft Windows operating system and MS Office, you get the most efficient usage of all your PC resources and an effective team collaboration at work. KEYMACRO does not replace the legacy MS Office functionality, but adds to it. You can use your existing knowledge and comfort with the familiar MS Office and navigate to new DTP environments with ease. Keymacro is the result of a joint effort from MediaTek and ACE Team, the two companies with the most comprehensive knowledge in DTP and DTP systems. Keymacro key Features: \* Supports both Uniprocessor and Multi-Processor \* Microsoft Windows Desktop Virtualization \* Support DTP Workflows \* Enterprise-Grade Security - Virtual Private Network \* Content-Protected Software \* Full DTP Functionality \* Support for MS Office Clients \* Full Support for
