In a world that is an echo of the past, there is a band of people called the Dark Warriors who have the power to wield a chain known as the Shadow, which can chain the users together and unleash their destructive potential. The power of the chain has been stripped from its masters, and the Darkness now flows freely through the land to the point where most things are infused with the power of darkness. In this world, the Darkness is a living entity that rushes through the veins of the Dark Warriors, and once unleashed, the chain becomes a shadow that can be cast anywhere and absorb any level of darkness. They are able to transform into shadowform and then, by the touch of the chain, they can also transform back to their humanoid form. As the Darkness floods across the land, the number of Dark Warriors is steadily decreasing, and there is a rumour of a prophecy being uttered by a madman. As one Dark Warrior, you must go into the lands ravaged by the Darkness and use your power to defeat the Darkness and heal the land. The character designs for the Dark Warriors are based on Final Fantasy IX.
